## Welcome to Heartis Village of Orland Park BE INSPIRED. EVERY DAY.

At Heartis Village of Orland Park, we have a unique perspective on senior living that not only changes minds. It changes lives.

It's more than our commitment to quality, excellence and resident-centered service. It's more than trusting the operation of this community to the expertise, insight and innovation of Pathway to Living™.

Quite simply, we believe that a move to a senior living community is a natural step in the journey of life – a step that should be celebrated. After all, while one may need support to remain living an independent lifestyle, the desire for a full, active and meaningful life doesn't diminish.

That's the foundation on which our community is built. At Heartis Village of Orland Park, we provide the best of both worlds – exceptional care and an inspiring lifestyle.

Heartis Village of Orland Park is more than a warm, welcoming place to call home.

It's a place where you will be inspired. *Every day.*

Balancing Care with  
an Active Lifestyle

# A KNEW DAY<sup>®</sup> MEMORY CARE

A Knew Day<sup>®</sup> memory care takes person-centered care to new heights, offering a safe and secure environment while enriching the lives of residents with dementia. Innovative, forward thinking and dynamic, our program rekindles the spark in our residents.

It begins with learning each resident's life story - and shaping everything we do around that knowledge.

Being "in the know," we are able to adapt our program to meet individual needs and preferences.

We understand residents may need assistance with daily activities, such as getting dressed in the morning or preparing for bed. But we know they also want to be active, involved and engaged. They want to live life on their own terms.
