Welcome to Heartis Village

BE INSPIRED. EVERY DAY.

At Heartis Village, we have a unique perspective on senior living that not only changes minds. It changes lives.

It's more than our commitment to quality, excellence and resident-centered service. It's more than trusting the operation of this community to the expertise, insight and innovation of Pathway® Senior Living.

Quite simply, we believe that a move to a senior living community is a natural step in the journey of life – a step that should be celebrated. After all, while one may need supportive care to remain living an independent lifestyle, the desire for a full, active and meaningful life doesn't diminish.

That's the foundation on which our community is built. At Heartis Village, we provide the best of both worlds – exceptional care and an inspiring lifestyle.

Heartis Village is more than a warm, welcoming, supportive place to call home.

It's a place where you will be inspired. *Every day.*

A KNEW DAY® MEMORY SUPPORT

A Knew Day® memory support takes person-centered care to new heights, offering a safe and secure environment while enriching the lives of residents with dementia. Innovative, forward thinking and dynamic, our program rekindles the spark

in our residents. It begins with learning each resident's life story – and shaping everything we do around that knowledge.

Being “in the know,” we are able to adapt our program to meet individual needs and preferences.

We can establish predictable daily routines that instill comfort, create individual programming that resonates with each person and build connections that inspire the spirit within.
